Intentional Tech: Principles and Practices for Inclusive Student Engagement

As technologies, teaching modalities, and students change, navigating those changes can pose new challenges and new opportunities for faculty and other instructors. How can we take a more inclusive, accessible approach to student engagement in our classrooms, whether they're virtual or in person? In this keynote, we'll explore several teaching principles for guiding our use of educational technology, principles that can turn our classes into learning communities where students can learn from and with each other.
